ANGELS IN YOUR LIFE

There really are angels among us. Discover who your own personal angels are

Angels and Archangels are depicted in art, mentioned in the Bible, have books written about them, are in the movies and on TV, and are in most people's consciousness. But many of us know little about these incredible messengers from God. Learn what the angelic realm is and how these beings have influence in our personal lives. Join us for a wonderful, informative evening in the company of the Angels and discover the wisdom and support available to you from these amazing Beings of Light.

Please bring your birth date, time, and location.

7 Sept · 6:30-10:00pm

Investment \$150/ deposit \$50

CRYSTAL HEALING

With their fascinating forms and enchanting colours, nothing else on earth is like them!

The idea that every stone has special properties dates back to through the Middle Ages to their sources in Greek, Roman & Arabic philosophy which in turn owes much to the ancient holistic traditions. Science recognizes and uses some of these characteristics in items from wristwatches and vehicle spark plugs to medical lasers and space shuttles. Learn some of the many creative ways in which you can use the power of crystals for healing, including easing the mind, balancing, clarifying, recharging and uplifting.

8 & 9 Sept · 7-10pm

Investment \$300/ deposit \$75

JIKIDEN REIKI

Reiki is one of the world's most widespread healing arts and there are many systems of Reiki today. Each has its own vision and purpose. Each is effective and powerful! Experience the Reiki system as it was taught in Japan by Sensei Usui.

The teachings include the background knowledge of Reiki, the Japanese terms used, the application of the original modality as well as the origins of the energy flow. It can be used to relieve stress, enhance physical healing, overcome negative thinking and effect distance healing. This certification course can be used for your personal life and your healing practice.
